### **FACILITIES FOR THE COLLECTION OF GARBAGE FROM SHIPS IN SINGAPORE**

1 Port Marine Circular No. 7 of 2004 dated 10 Mar 2004 is hereby cancelled. This is a reproduction of the circular with amendments.

2 The facilities for the collection of garbage<sup>1</sup> from ships in Singapore are as follows:

#### Ships at the Anchorages

a) The Maritime and Port Authority of Singapore's (MPA) appointed contractor's garbage collection craft collect garbage from ships in the anchorages daily from 0800hrs to 1700hrs. Ships wishing to use this service should have the refuse properly bagged in plastic garbage bags and have their crew on standby and ready to transfer the bagged garbage into the garbage collection craft that would be calling at the anchored vessels.

b) In the event that a ship has not responded when the garbage collection craft calls, the latter will make another attempt after serving other ships. Alternatively, the ship can request for the service by calling the garbage craft directly using the call sign "Garbage Craft Changi", "Garbage Craft Eastern", "Garbage Craft Western" or "Garbage Craft Tuas" on VHF Channel 13 and follow by giving own ship's name, the name of the anchorage (eg Western Anchorage)

<sup>1</sup> Garbage means all kinds of victual, domestic and operational waste excluding fresh fish and parts thereof, generated during the normal operations of the ship as defined in Annex V of MARPOL 73/78.

and the ship's GPS position. Please use the appropriate call-sign as shown in **Annex A**.

c) Ships with large quantities of garbage (in excess of the normal garbage generated daily) may wish to make special arrangement for garbage disposal for which a fee would be charged as indicated in **Annex B**. This special garbage collection service is also available daily from 0800hrs to 1700hrs.
