13 January 2026

**For the attention of:** SRS Owners and Operators, Designated Persons (DPA), and the Masters

**Publication of the ‘Finland’s Winter Navigation 2025-2026’**

This advisory brings to your attention of the publication published by the Finnish’s Ministry of Transport and Communication. SRS operators and Masters can refer to the information provided by the authority using this link - [‘Finland’s Winter Navigation 2025–2026’](#).

2 The publication provides the Master and deck officers with the information and instructions on the special conditions in the Baltic Sea, as well as useful information for all relevant parties (e.g. managers, charters etc) toward safe winter navigation. You can download the publication (PDF format) using this link: <https://vayla.fi/en/transport-network/waterways/winter-navigation>.

3 In addition, the latest Baltic Sea ice chart can always be found using this link: <https://en.ilmatieteenlaitos.fi/ice-conditions>, which this chart will be updated every date during the icebreaking season.

4 SRS operators and Master may contact the Finnish authorities via email (firstname.lastname@gob.fi) if there is any question or clarification regarding the publication. Thank you.
