ENHANCED THE CREW TRANSFER PROCESS FOR SEA CREW ON LONG-TERM PASS

We would like to inform stakeholders of a system enhancements that will allow shipping agents to submit crew transfer applications for sea crew members holding Long-Term Passes (LTP) via digitalPORT@SG™.

2. At present, the crew transfer facility in digitalPORT@SG™ is applicable only to foreign sea crew holding Landing Passes. When sea crew holding LTP are transferred between vessels, shipping agents are required to submit a sign-off application for the crew member to leave the current vessel, followed by a separate sign-on application for the crew member to join the new vessel.
3. As part of ICA's ongoing efforts to streamline crew clearance processes and transform maritime operations, the crew transfer facility in digitalPORT@SG™ will be extended to include sea crew holding LTP, with effect from **1 February 2026**.
4. The requirements for submitting crew transfer applications in digitalPORT@SG™ for LTP sea crew are aligned with those for foreign sea crew:
 - a. Both vessels (i.e. the vessel from which the crew is transferred and the receiving vessel) must be in port.
 - b. The sea crew member to be transferred must meet the following criteria:
 - i. Foreign sea crew: Hold a valid Landing Pass.
 - ii. LTP sea crew: Hold a valid LTP, and have either already signed on to the vessel, or obtained arrival clearance for shore leave via sea route, if the LTP crew arrived with the vessel.
5. For any further clarification, you may submit the enquiry to Pre-Clearance Section (PCS) using FormSG via (<https://go.gov.sg/vesselandcrewmatters>) or the QR code below.

6 Thank You.

Yours sincerely,
