

## Annex A – Student Quotes

**Haziq Zafarduin**, a Year 1 student at the Institute of Technical Education pursuing Maritime Business, commented that the “panel dialogue was engaging. I am keen to consider a career in the industry and play a role in driving digital transformation in the maritime sector.”

**Ku Chun Thou**, a Year 3 Singapore Polytechnic student embarking on a research project that evaluates the impact of digital disruption on the maritime industry, said that “the dialogue provided useful insights on the latest trends in the maritime sector.” He also noted the importance of embracing hard skills in digital technology, in addition to soft skills, to be well-prepared for the maritime workforce.
