

Profile of Tech Solution Providers (Electronic Bill of Lading)

Items	Details
Name of Company	Rootant Global Pte Ltd
Brief description of Company and Products/Services	<p>Rootant is a digital transactional banking technology firm whose mission is to make finance as “Open and Easy” by aligning the digital transformation outcomes for the financial institutions and enterprises. At RootAnt, we want to change that by leveraging our expertise in finance and technology, to relook at how risks can be understood, assessed and mitigated, by adopting an “ecosystem first” principle.</p> <p>For more information, pls visit www.rootant.com and www.banco.asia</p>
Brief description of proposed Solution and key attributes	<p>BANCO SCF platform is an early payment program where multiple parties (Banks, Non-Bank Financial Institutions, Core Enterprise, Suppliers, Insurance and others) collaborate on the single digital platform, to unlock cash in the ecosystem. BANCO reaches the deeper realms of the supply chain than other SCF programs in the market, providing the flexibility of Early Payment to the entire ecosystem especially micro, small and medium enterprises (MSMEs) suppliers.</p> <p>BANCO platform is open and collaborative, connecting trade, finance and data flow and easily integrate with 3rd party platforms (i.e Marketplaces), verified data providers (i.e logistics, trade documents), enterprise systems (i.e ERP, supply chain management, procurement) and more, aligning digital transformation outcomes for both enterprises and Financial Institutions. Also, the platform would acts a “middle layer” between different blockchain powered networks including Tradetrust or R3 Corda to enable interoperability, reduce friction in data flow and facilitate secured sharing of information. We are working on compliance to UNCITRAL MLETR and to adopt industry standards which are relevant to cross-border transactions.</p>
Support required	<ul style="list-style-type: none"> • Invite logistics ecosystem players to join our consortium • Invite enterprises to join our consortium • Invite financiers to join our consortium
