

MARINE ENVIRONMENT PROTECTION
COMMITTEE
68th session
Agenda item 21

MEPC 68/21/Corr.1
16 September 2015
ENGLISH & RUSSIAN ONLY

**REPORT OF THE MARINE ENVIRONMENT PROTECTION COMMITTEE
ON ITS SIXTY-EIGHTH SESSION**

Corrigendum

Agenda item 5 – Reduction of GHG emissions from ships

Paragraph 5.5 is replaced with the following:

"5.5 The Committee considered document MEPC 68/5/1 (Marshall Islands) providing justification for and requesting the Committee to undertake the work necessary to establish a GHG emission reduction target for international shipping consistent with keeping global warming below 1.5°C, and to agree the measures necessary to reach that target. The document was supported by the delegations of Tuvalu, Vanuatu and several other delegations. The statements made by the delegations of the Marshall Islands, Tuvalu and Vanuatu in this regard are set out in annex 25."
