#### Taxi & Private Hires

With more a fleet of more than 26000 vehicles, it's easy to flag down a taxi at the side of the road within minutes. Most Shopping Centres, Hotels, Airport & Office Buildings will have a taxi stand.

However, do not that a taxi is not allowed to stop:

- On any road in the Central Business District where public buses are operating.
- At bus stops
- Along bus service routes
- Road lanes with zig-zag lines

Do also avoid flagging for taxis at road junctions as it is both unsafe and inconvenient for the customer and driver.

Private hires and taxis can also be booked via **Grab, CDG Zig, Gojek, Ryde & TADA**. Which are all available on both Google Play and the App Store.
