STL H11	SR 3722B	Hopper Barge

These craft will exhibit the appropriate local and international day and night signals.

Details : The existing structures will be demolished using land-based equipment and the debris will be removed by crane barges into hopper barges.

Dredging works will be carried out along the revetment area of the berth.

The berth will then be rebuilt by use of piling and crane barges supported by work barges, anchor and tug boats.

A safety boat will be in attendance at all times to warn and re-direct craft in the vicinity to keep clear of the working area.

Further enquires relating to the project can be directed to Mr Jeffry Suteja, Project Manager at Tel : 9642 9750 (Email : jeffry.suteja@antarakoh.com.sg.)

Caution : **When in the vicinity of the working area, mariners are reminded to:**

- a) **Keep well clear of the working area;**
- b) **Maintain a proper lookout;**
- c) **Proceed at a safe speed and to navigate with caution;**
- d) **Maintain a listening watch on VHF Channel 22 (Jurong Control); and**
- e) **Communicate with Jurong Control for assistance, if required.**

Please call Capt. Chong Gi Kian at Tel: (65) 6773 7401 or Marine Safety Control Centre (MSCC) Duty Officer at (65) 6325 2488 for clarification on this Port Marine Notice.
